

FUEL SURCHARGE GUIDE

If necessary, Airport Drayage Co. (ADC) may adjust the fuel surcharge due to increasing fuel costs. All transportation services will be subject to any Fuel Surcharges implemented by ADC or imposed on ADC regardless of price authority (including all contracts and agreements).

The ADC Fuel Surcharge (percentage) will be applied to the freight charge or applicable mileage if a beyond special and may be adjusted each day according to our actual price paid per gallon.

The following table lists the fuel surcharge to be applied.

When fuel price is at least...	LTL (less than 10000 lbs)
\$2.05	10%
\$2.15	11%
\$2.25	12%
\$2.35	13%
\$2.45	14%
\$2.55	15%
\$2.65	16%
\$2.75	17%
\$2.85	18%
\$2.95	19%
\$3.05	20%
\$3.15	21%
\$3.25	22%
\$3.35	23%
\$3.45	24%
\$3.55	25%

The surcharge will apply to the transportation charges derived from the application of rates and minimum charges in the tariff and be subject to a daily adjustment. In the event the fuel price goes below \$1.15 per gallon, the surcharge will be removed for that period.
